BPA TERMS AND CONDITIONS

BPA BACKGROUND

In the spirit of the Federal Acquisition Streamlining Act, the Department of Defense (DoD) and TKC Integration Services, LLC. (TKCIS) wish to enter into a Blanket Purchase Agreement ("BPA") aimed at reducing the administrative costs of acquiring Oracle commercial items under the General Service Administration (GSA) Federal Supply Schedule (FSS) Program.

Federal Supply Schedule Contract Blanket Purchase Agreements (BPA) reduce contracting and open market costs such as: search for sources, the development of technical documents, solicitations, and the evaluation of bids and offers.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the Government that works better and costs less.

The Enterprise Software Initiative (ESI) is a joint DoD project to develop and implement a DoD enterprise process. This BPA is issued in the spirit of the policy and guidelines provided in the Defense Federal Acquisition Regulation Supplement (DFARS) Section 208.74.

This BPA has been designated as a DoD ESI and GSA SmartBUY Contract, which is open to all US Executive Agencies (as defined in 48 CFR 2.1), including the DoD and authorized contractors, except as restricted herein (hereinafter referred to as "Agency" or "Agencies". TKCIS acknowledges that the GSA and OMB have indicated their intent to issue regulations that make this BPA a mandatory source of Oracle products for agencies of the federal government. This understanding will be conveyed to all of Oracle's assigned federal license sales personnel, pursuant to Section E.6 of this BPA.

The Army Contracting Agency - Information Technology, E-Commerce, and Commercial Contracting Center (ITEC4) has entered into this and similar BPAs on behalf of the Project Director, Computer Hardware, Enterprise Software and Solutions (CHESS) with DLT Solutions, Inc. (DLT), immixTechnology, Inc., and Mythics, Inc (Mythics) ("Oracle Resellers with ESI BPAs") and Oracle USA, Inc. These BPAs are issued to provide the DoD database software licenses and software maintenance support in support of the Department of Defense's mission. TKCIS shall serve as the prime contractor under this BPA and orders shall be issued directly to TKCIS pursuant to GSA Schedule Contract number GS-35F-0509S (the "TKCIS GSA Contract").

The Government and TKCIS understand and agree that changes will need to be made from time to time to this BPA. This understanding will be conveyed to all of TKCIS' assigned federal license sales personnel, pursuant to Section E.6 of this BPA.

This BPA and all orders hereunder are subject to the Terms and Conditions sections herein.

Attachments to this agreement are:

A. TERMS AND CONDITIONS

1. Products Available Under this BPA.

This BPA includes the Software Products and Software Maintenance listed in Exhibits A-1 through A-3. Prices for the TKCIS CLINs under this BPA are net prices.

Items included on the TKCIS GSA Contract and not listed specifically in the BPA exhibits may be purchased at rates negotiated by the Ordering Office and TKCIS under CLIN 1001 of Exhibit A-4, entitled "Additional Items-GSA Contract". Items that are not included on the TKCIS GSA Contract may be purchased in accordance with FAR 8.402(d) and Section 17 of the TKCIS GSA Contract under CLIN 1002 of Exhibit A-4 entitled "Open Market Items". Both CLINs 1001 and 1002 are subject to the terms and conditions of this BPA and the TKCIS GSA Contract.

Ordering Officers may negotiate special pricing with TKCIS under CLIN 1003, Special Solutions, as set forth in Exhibit A-4, and in accordance with the terms and conditions of the TKCIS GSA Contract.

Software licenses purchased under this BPA shall be subject to the terms and conditions of the TKCIS GSA Contract, this BPA and the Order.

2. Prevailing Terms and Conditions.

All orders placed against this BPA are subject to the terms and conditions of the TKCIS GSA Contract as specified above. The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of the BPA and the TKCIS GSA Contract, the provisions of the BPA will take precedence.

3. Obligation of Funds.

This BPA does not obligate any funds. The Government is obligated only to the extent of authorized purchases actually made through orders issued under this BPA.

4. Effective Date and Duration of BPA.

This BPA is effective from the date of award through the effective period of the TKCIS GSA Contract. Either CHES or the Contractor with ninety (90) days written notice may terminate the BPA or a portion thereof provided, however, that such termination shall not affect the obligations of the Government or TKCIS under any then existing delivery order or lease agreement. The then existing delivery order or lease agreement shall continue in full force and effect as though the BPA had not been terminated.

5. Ordering Period.

The ordering period for all items under this BPA is the same as the duration of the BPA set forth in paragraph 4, above.

6. Enterprise Licenses.

Under the TKCIS SmartBUY Enterprise Licenses options defined in Exhibit A-3, Agencies under any of the fifteen Executive Departments of the U.S. Federal Government, and Independent Establishments as defined in 5 U.S.C. 104 (1) ("Agency") may procure an Enterprise License which provides for the use of certain programs on an enterprise basis for an Agency's entire population of users, provided the programs are used only in support of the Agency's internal business operations. Specific program license bundles and pricing are shown in Exhibit A-3: "Oracle SmartBUY Enterprise Licenses". An Agency's licensed population will be specifically defined in an ordering document prepared and agreed to by the contractor and the Agency. The salient features of the Oracle SmartBUY Enterprise License include:

- A. Product Coverage. The Enterprise License is available only for specific Oracle core technologies as identified in the above referenced Exhibit A-3.

- B. Licensed Agency Population. The Enterprise License will be available only if an Agency wishes to license its entire population of users. The term "users" is defined to mean all employees and on-site contractors or off-site contractors accessing Agency owned or leased hardware. The programs may only be used for the purpose of supporting the Agency's internal business operations. The population must be specifically defined in the ordering document agreed to by the contractor and the Agency. The licensed Agency population must be identifiable by objective evidence, such as annual budgeting or appropriation documents. This user population specified in the ordering document is hereinafter to be referred to as the "Licensed Agency Population."
- C. Annual Verification and True-Up. Each Oracle SmartBUY Enterprise License shall contain an annual true-up provision agreed to by the contractor and the Agency that provides for an annual adjustment of the Licensed Agency Population. Such provision shall provide that on the first annual anniversary of the effective date of the enterprise license ordering document, and every anniversary date thereafter, the Agency shall be required to report to Oracle in writing the then current total number of users comprising the Licensed Agency Population metric (e.g., total employees and on-site and off-site support contractors) substantiated by objective evidence, as specifically defined and set forth in the ordering document. If the report to Oracle identifies an increase in the users comprising the Agency Population compared to the Licensed Agency Population (as originally established or as adjusted by a previous true-up), the Agency shall be required to place an order to account for the additional usage of the Enterprise License as well as to provide for additional Technical Support associated with the additional usage. This adjustment shall only be required when users comprising the Agency Population:
- (a) increase by three percent (3%) or more over the Licensed Agency Population and the Licensed Agency Population is less than 15,001;
 - (b) increase by two percent (2%) or more over the Licensed Agency Population and the Licensed Agency Population is between 15,001 to 99,999; or
 - (c) increase by one percent (1%) or more over the Licensed Agency Population and the Licensed Agency Population is greater than 99,999.

If, on the annual anniversary date, there is no change or a decrease in the users comprising the Licensed Agency Population, no additional fees shall be due and the Licensed Agency Population will remain unchanged. An Agency shall not be entitled to a refund, credit or other consideration of any kind in the event of a reduction in the number of users comprising the Licensed Agency Population.

Note: Unless specifically provided otherwise in the ordering document between the contractor and the Agency, all true-up and technical support renewals shall occur between Oracle and the Agency, even if the original ordering document was not directly with Oracle.

Note: If on any anniversary date, the Agency elects not to certify, update the Enterprise License, or provide payment (if appropriate), upon Oracle's prior written notice to the Agency, the Enterprise License shall revert to Oracle's standard license metrics; any such reversion shall be in accordance with Oracle's standard migration policies and license metrics in effect at the time. In no event shall the Agency be entitled to any refund or other consideration, nor shall the Agency be relieved of any obligation to pay for technical support that the Agency may have ordered, should the Agency cause such reversion under this provision. If the Agency is not current on technical support for the Enterprise License at the time this clause is invoked, the Agency shall be required to pay appropriate fees for lapsed support pursuant to Oracle's standard policy in order to purchase technical support for the licenses resulting from this provision. This provision shall not require Oracle to deliver any programs nor entitle Agency to any program updates.

- D. Support Cap: Enterprise Licenses acquired under this BPA will have a 0% support cap for the initial two annual support renewals and a 2% support cap for the third annual support renewal.
- E. Assignment of Enterprise Licenses: In the event an Agency that has purchased an Enterprise License under this BPA ("Licensed Agency") is re-organized or restructured such that its responsibilities and operations are transferred to another Agency, such Licensed Agency shall have the right to assign affected program licenses to a successor. Such assignment shall only be effective if: (1) the Licensed Agency provides advance written notice to Oracle; (2) the Licensed Agency has continuously maintained Software Update License & Support; and, (3) the Licensed Agency and the successor Agency agree to be bound in writing to appropriate modifications and/or ordering documents as mutually agreed by the parties to effectuate the assignment.
- F. Surge Usage for National Defense. Where appropriate, subject to mutual agreement, DoD and Agencies directly supporting national security efforts may be provided surge usage in the event of a war or national mobilization. The following language may be included in the ordering document, subject to contractor's agreement:
- "In the event of a declaration of war or national mobilization, for a period of time no greater than twelve months, there shall be no limit on the number of licenses for the Programs for temporary use by the 'ordering Activity' to support its operations. This temporary use is only for Programs licensed on this Ordering Document."
- G. Migration: Agencies shall migrate programs previously licensed into the Enterprise License pursuant to Oracle's then current migration policies, to the extent the Agency is up to date on technical support. At the time of migration of such program licenses, it will be necessary for the contracting officer to agree to terminate the migrated licenses and to provide the contractor written assurance in the ordering document indicating that the Agency is authorized to enter into the migration option with respect to the terminated licenses. Except for credit provided under Oracle's then current migration policy, Customer shall not be entitled to any refund or other consideration should Customer elect to migrate to the Enterprise License.
- H. Open Market. TKCIS does not maintain an Enterprise License metric on its GSA Contract; however, software programs in the bundles in Exhibit A-3, which are being made available under this BPA, are on the TKCIS GSA Contract. Any programs not on the underlying TKCIS GSA Contract must be identified as open market items at the time of order placement.

7. Pricing.

The base price offered by TKCIS under this contract for any software product under a lease or special solution shall not exceed the price of that software product based on the same program/metric/license combination available on this BPA. The terms of the lease shall be at least as good as the rates provided in the applicable GSA Contract.

TKCIS agrees that in no case shall the prices charged under this BPA be more than the prices reflected in the TKCIS GSA Contract for identical products (as defined by the program/metric/license combination) and first year technical support services. No less than quarterly, TKCIS shall propose to adjust its BPA CLIN prices to reflect price adjustments made during the previous quarterly period under its GSA Contract for the identical products and first year technical support services. These price adjustments will include any economic price increases in the GSA Contract prices.

8. Discount Structure.

All prices in Exhibits A-1 through A-3 are net prices; there are no additional discounts.

9. Voluntary Price Reductions and Special Solutions.

TKCIS can voluntarily reduce prices at any time by giving 24-hour advance notice (via FAX or E-mail) to the BPA Contracting Officer and the U.S. Army CHESS Software Product Manager. In addition, TKCIS may negotiate special discounts for specific orders for their respective CLINs. These special discounts shall be negotiated under CLIN 1003, Special Solutions.

10. Audits.

Unless expressly provided otherwise in an individual order, Licensee shall perform an internal audit annually and will use its best efforts to keep full and accurate accounts that may be used to properly ascertain and verify numbers of licenses in use. The Licensee will furnish TKCIS with a signed certification that the programs are being used pursuant to the provisions of the order including but not limited to the license quantities, or Licensee shall permit TKCIS to have access to Licensee records and computer systems and the right to audit such systems to insure software use is in accordance with its license terms. All TKCIS personnel or its authorized representatives must have appropriate security clearances to gain access to Licensee site or data, if required.

11. Maintenance.

- A. Annual Technical Support for Programs is provided under Oracle's Technical Support policies, which are in effect on the date Technical Support services are ordered. The current version of the technical support policies may be accessed at <http://oracle.com/contracts>. Oracle's Technical Support policies are subject to change at Oracle's discretion; however, Oracle will maintain a materially equivalent level of services provided for supported programs during the period for which fees for technical support have been paid.
- B. Oracle will provide twelve months notice prior to desupporting any product acquired under this BPA; notice will be provided in the same manner as it is to other customers via Metalink provided customer has continually maintained technical support.
- C. If Oracle reduces or replaces the functionality contained in the licensed products ("Licensed Product"), and provides this functionality as a separate or renamed product ("Product") at no additional cost to customers currently under Oracle technical support for the Licensed Product, then an ordering Activity shall be entitled to the license of such Product which is generally available in production release at no additional license or maintenance fee, provided that such Ordering Activity is under then current Oracle technical support for that Licensed Product, and subject to the terms and agreements of the applicable license agreement.

12. Reporting and Payment of Fees.

As a result of this BPA, TKCIS shall be solely responsible for the following:

- 1. Reporting:
 - a. Submittal of Deliverable reports to Army CHESS on a quarterly basis (See Exhibit C)
 - b. Accuracy of Report Data
 - c. Submittal of applicable GSA reports

3. **Universal Standard Products and Services Code.** The Universal Standard Products and Services Code (UNSPSC) is a required field of the Order Transaction (OT) report. The UNSPSC code permits software asset management through a standard coding structure. requirements regarding Section 508 for services must be expressly agreed to by the Contractor and the ordering activity in the order.

G. FEE FOR SERVICE.

The Fee for Service (FFS) is 2% and represents the cost of awarding and administering this BPA. The FFS is in addition to the net product fees. Remittance of the FFS shall be made on a calendar quarter basis (i.e., January-March; April-June; July-September; and October-December) and is due thirty (30) days following the completion of the reporting period. Negative reports are required.

The Navy, Army, Air Force, DISA, DLA and GSA (for Civilian Agency Customers) are participating in a fee-sharing program. The contractor shall collect the 2% FFS under CLIN 1004 of the BPA. The following are examples of the methodology to be used in the calculation of the FFS:

License and 1 st Year Technical Support (from Exhibit A)	\$584,500.00
CLIN 1004 FFS (2%)	\$11,690.00
TOTAL on PO	<hr/> \$596,190.00
License and 1 st Year Technical Support (from Exhibit A)	\$1,500,000.00
CLIN 1004 FFS (2%)	\$30,000.00
TOTAL on PO	<hr/> \$1,530,000.00
Technical Support Renewals	\$50,000.00
CLIN 1004 FFS (2%)	\$1,000.00
TOTAL on PO	<hr/> \$51,000.00

The FFS shall be distributed in accordance with the following procedures. Fee sharing shall be determined by the End User Agency or Service appearing in Column Z of the monthly Order Transactions Report. This field shall be notated DON, DOA, DISA, DOAF, DLA, or GSA as appropriate.

Fee for Service Report

TKCIS is required to submit a Fee for Service Report to CHESS by the 30th calendar day after the end of each calendar quarter. If no payments were received during the reporting period a negative report is required. Reports are non-cumulative, and should represent only the activity for the reporting period. CHESS will report sales to fee-sharing participants upon receipt of contractor Fee for Service Report.

CIVILIAN AGENCY SALES

EXHIBIT C, FEES AND PAYMENTS- TRANSMITTAL LETTERS

1. GSA Industrial Funding Fee (IFF). The BPA unit prices include the applicable GSA IFF. The contractor shall be responsible for all required filings to GSA and for payment of this fee in accordance with applicable GSA instructions.

2. Acquisition, Contracting, and Technical (ACT) Fee. The cost of awarding, administering and managing this BPA is included in the prices charged to ordering activities. The ACT fee is 2%. The contractor shall remit the ACT fee on a calendar quarterly basis (i.e. January – March, April – June, July – September, and October – December) or as otherwise requested by the Software Product Manager (SPM). Payment is due thirty (30) days following approval of the Report of Sales for the completed quarter. ACT fees that have not been paid within the prescribed thirty (30) days shall be considered a debt to the United States Government under the terms of FAR 32.6. The Government may exercise all its rights under the contract, including withholding or setting off payments and interest on the debt (see contract FAR clause 52.232-17, Interest). Failure of the Contractor to pay the ACT Fee in a timely manner may result in termination of the BPA.

3. Fee Distribution. The Army, Air Force, DLA, DISA and Navy are participating in a fee-sharing program. The Contractor shall collect the 2% ACT fee and distribute in accordance with the following procedures. Fee sharing shall be determined by the End User Agency or Service identified in the monthly Report of Sales. This field shall be notated Army, Air Force, DLA, DISA, Navy or DOD as appropriate. Marine Corps sales are reported under the Navy designation. Fee checks shall not be issued until written approval is received for the Report of Sales.

(For a SmartBUY agreement, use the following: The Air Force, Army, DLA, DISA, Navy and GSA (for SmartBUY Federal government Civilian Agency orders) are participating in an ACT fee-sharing program. For orders within DoD, the 2% ACT fee is split equally between the DoD Component whose customer places the order and the Component that manages the contract. The Contractor shall collect the 2% ACT fee and distribute in accordance with the following procedures. ACT fee sharing shall be determined by the End User Agency or Service identified in the monthly Report of Sales. This field shall be notated Air Force, Army, DLA, DISA, Navy, DoD or Non-DoD as appropriate. In the case of SmartBUY orders (Federal Government Civilian Agencies) non-DoD orders and non DoD support contractor orders, excluding the Intelligence Community and non Coast Guard orders or support vendors to same, the 2% ACT fee is split equally between the Agency that manages the contract and GSA SmartBUY Program Management Office.)

(Enter Service fee sharing arrangement here. If the vendor is collecting fees under a separate CLIN it should be addressed here. See Navy examples below at 3.1 through 3.4)

3.1 ALL SALES:

The 2% ACT fee is split equally between the DoD Component whose customer places the order and the DoD Component that manages the ESI agreement. For example, an Air Force order issued against an ESI agreement managed by the Navy results in one half (or 1%) of the 2% fee being returned to the Air Force acquisition organization (listed under Air Force Sales). The Navy will retain the entire 2% fee under orders issued for Navy activities or those activities that do not collect a fee under the ESI agreements managed

by the Navy. The contractor is responsible for distributing the ACT fee to all applicable Services in accordance with the instructions herein. The amount of ACT Fee due the Navy shall be calculated at 1% for Army sales, 1% for Air Force sales, 1% for DLA sales, 1% for DISA sales and 2% for all other sales.

CHESS

**Contract Management
Deliverables
For
ESI Contracts**

1.1 CHESS Manages Data by Contract:

- a. Reports must be submitted and managed by contract. Vendors with more than one contract with CHESS must maintain contract data integrity by submitting and managing separate reports for each contract. CHESS will not accept mixed contract data submitted in the same report.

1.2 Online FAQ / Tutorial:

- a. Click on the following link for an online FAQ / Tutorial:
- b. https://ascp.monmouth.army.mil/files/ascp_cd.pps (Requires Power Point)

1.3 Report Format:

- a. Excel (.xls). The file shall have text only. No formatting, "hard line returns", embedded special characters, or word wrapping within a column.
- b. All reports must have complete column headings in the first line.

1.4 Report Delivery:

- a. All reports shall be emailed as attachments to CHESS-VndrRpts@conus.army.mil
- b. Please compress/zip large files. The file extension .zip cannot be used. Rename .zip files to .xxx.

1.5 Reports are due:

- a. In accordance with this document as indicated for each report.

1.6 Rejection of reports:

- a. Vendor reports will be loaded via an automated process; therefore CHESS reserves the right to reject reports submitted by the vendor if required information is missing or if the file is unusable due to formatting issues. Report submissions must meet the formatting guidelines in this document. Each report will be checked by CHESS for content as well as formatting. If CHESS rejects a report, the report will be returned to the vendor with explanations identifying the problem(s).
- b. The vendor must make the necessary corrections and resubmit the report in its entirety within three (3) business days from the day the report was returned.
- c. The online FAQ / Tutorial provides examples of common rejection reasons.

1.7 Revised Reports:

- a. Revised reports must be submitted as a complete file (i.e. make changes/corrections to the original file and resubmit the entire file, not just what was changed).
- b. The file name format when submitting revised files must follow the file name format stipulated for each report (Order Transaction, Product Attributes, Fee for Service) with the addition of (Rev) immediately preceding the file extension .xls. For example, the first revision of an OT report would be named Contractnumber_OT_yyyy_mm_dd_cum-1(Rev1).xls. Subsequent revisions to the same file should indicate the revision number (e.g. Rev2, Rev3, etc).

1.8 File Names:

- a. File names must not exceed 50 characters. The date in the file name should be the submission date and should not indicate the end or start dates of data within the report.

2. Order Transaction (OT) report

- a. The OT report provides sales data that populates the CHESSE database. This data is used to calculate sales against the contract and provides visibility into the quantity and types of products sold on the contract.
- b. OT reports shall be submitted quarterly. OT reports are due within 30 calendar days of each quarterly reporting period.
- c. The OT report is cumulative in nature. **Each report shall include all transactions** (i.e., Credit Card and Paper Orders) from contract inception up to the end of the month preceding the submission date of the file.

- k. Worksheet must be named OT.

Sample UNSPSC Codes are below.

NOTE: Please use the latest UNSPSC codes from ECCMA (For ESI Contracts, the applicable codes would be Software and Services).

<u>Equipment</u>	<u>UNSPSC in ECCMA Format</u>
Server 32-bit	43.21.15.01.00 (Computer Servers)
Server 64-bit	43.21.15.02.00 (High end Computer Servers)

l. If a CLIN contains a mixture of items shown above the UNSPSC for that CLIN should identify the dominant items or that best describes the solution provided under the CLIN.

m. REPORTING INSTRUCTIONS FOR "SPECIAL SOLUTIONS" CLIN(S):

Special Solutions orders are generally comprised of a mixture of software products/services and are priced at the top level. The following example illustrates the correct format for reporting Special Solutions orders on the OT report. Example is based on a \$5,000,000 "Special Solutions" order that is made up of 3 different software products.

CLIN#	ITEM DESCRIPTION	CLIN QUANTITY	CLIN U/P	CLIN EXTENDED U/P	DOLLAR AMT OF TRANSACTION
1003	Oracle "Special Solutions"	1	5000000.00	5000000.00	5000000.00
ORA-123	Software Product #1	5	0.00	0.00	5000000.00
ORA-124	Software Product #2	2	0.00	0.00	5000000.00
ORA-125	Software Product #3	10	0.00	0.00	5000000.00

The BPA CLIN number(s) for the product(s) that comprise the "Special Solutions" order must appear in the CLIN column. Quantity must be specified also. Enter CLIN Unit Price and Extended Unit Price as 0.00 (Special Solutions orders are priced at the top level). Repeat Dollar Amount of Transaction for all items in the order.

MIGRATIONS: If there is no specific BPA CLIN to cover migrations, use the Special Solutions CLIN to report migrations. In the Item Description column, enter "(Vendor) Special Solutions - Migration". For CLIN Quantity, enter 1. CLIN Unit Price and CLIN Extended Unit Price should be the same. Dollar amount of transaction is the CLIN Extended Unit Price plus the ACT Fee.

n. Since the OT report is cumulative, vendors may correct previously reported information in subsequent reports (see Section 1. General Information, Revised Reports) such as:

- o Removing a cancelled order or an order/mod previously reported in error.
- o Correcting dollar amounts previously reported by an order/mod.

Correcting items ordered previously reported for an order/mod.

3. Fee for Service (FFS) Report

- a. This report applies to applicable ESI Agreements only.
- b. FFS Report is due to CHES **the 30th calendar day after each calendar quarter** (Example: FFS Report for the period 1 January thru 31 March is due by 30 April)
- c. The data reported is for that reporting period only (not a cumulative listing).
- d. If no payments were received during the previous quarter, a negative report is required.
- e. This report must be submitted as a Microsoft Excel spreadsheet, to CHES-VndrRpts@conus.army.mil, with a copy furnished to the cognizant CHES Product Leader.
- f. No extra spaces, commas or ampersands allowed in this spreadsheet. Dashes are allowed. File name must be in the following format: Contract Number/Calendar Quarter/Calendar Year (Example: W91QUZ-07-A-1234 1Q2007)
- g. Vendor must ensure that leading zeros are not dropped. For example, order number 0030 should not appear on the report as 30.
- h. **SPECIAL NOTE TO VENDORS:** All reports are cross-referenced for reconciliation and therefore, data must be consistent in all reports submitted (i.e., order number, dates, dollar amounts, etc.).
